

# National AAA NAID Certification

Your personal information is protected by a National AAA NAID Certified Service Provider.

Cintas Document Management is National AAA NAID Certified, ensuring compliance with the most stringent operational security procedures in the industry.\*

NAID is the international trade association for the information destruction industry. The "AAA NAID Certified Program" establishes stringent security practices and standards that shredding service providers must meet. Requirements include:

- Secure Destruction Process
- Employee Hiring
- Operational Security
- Insurance

NAID's Mission is to help establish and promote the highest standards of ethics for the information destruction industry by working with its members and lawmakers.
