Different jobs require different workwear. Choose from options like our retail-inspired line for customer-facing employees, our exclusive line of Carhartt® company workwear for the toughest jobs, or garments great for any job in between.

How it works

Never had a rental program?
We'll break it down for you.

You'll get a dedicated Cintas representative and a set number of garments for each employee.

Each week, your representative will pick up your dirty garments to be washed, dried and finished.

We will inspect, repair, replace and change size at no additional charge.*

We return your clean garments and pick up last week's garments to be cleaned.

Why rent uniforms?

81%

of Americans would be **more likely to trust** a home service professional wearing a uniform.¹

70%

of your customers feel that uniforms **make your employees look neater and more professional.**²

60%

of your prospects feel that uniforms **make your workers appear better trained and proud of their company.**²

* With enrollment in Uniform Advantage.

² A survey conducted by J.D. Power and Weintraub.

TruCount

The TruCount™ Inventory Management System

Accurate tracking of your uniforms throughout the service process

With our TruCount™ Inventory Management System, every garment is scanned so we know, and you know, exactly where your garments are at all times. It's communication, accountability and reliability delivered to you weekly by your Cintas Service Sales Representative.

On-site scanning so you know what each employee turned in before we leave your premises.

Every garment. Every visit. Every time. It's not just a claim. We really do scan every garment every time we visit.

Every visit, we'll provide a report showing the exact number of garments scanned in, by wearer.

Your Service Sales Representative strives to provide you world class service, but we also know urgent needs might arise before your next service visit.

myCintas allows you to access your account anytime, from anywhere — including on a tablet or mobile device.
